ABOUT ME:

- Student at Indus University, Rancharda, Ahmedabad
- Basic knowledge of HTML, CSS, JavaScript, and Artificial Intelligence
- Passionate about becoming a MERN Stack Web Developer
- Interested in using AI Tools efficiently to build intelligent web solutions
- Eager to learn, grow, and contribute to real-world tech projects

SKILLS:

- Basic knowledge of HTML, CSS, JavaScript, and React.js
- Experience with AI tools to enhance development and productivity
- Skilled in creating front-end interfaces using self-learning and AI support
- Proficient in Canva for designing presentations and visual content
- Strong teamwork and collaboration abilities
- Quick to adapt and apply creative problem-solving in new situations

EDUCATION:

- Currently pursuing Bachelor of Technology in Information Technology at Indus University, Rancharda, Ahmedabad
- Expected Graduation: 2026

PROJECTS:

- ***GlamAura*** – Your Intelligent Personal Fashion Stylist & Shopping Assistant (Ongoing)
- A smart web application designed to suggest personalized outfits and shopping recommendations using AI tools. The project focuses on user styling, body shape analysis, and aesthetic design with a modern frontend.
- Technologies: HTML, CSS, JavaScript, React.js, AI tools
- ***NextGen Sentinels*** – Smartphone-Based Real-Time Detection System
- A multi-functional system that uses a smartphone camera for real-time mask detection, social distancing monitoring, and object recognition — built to assist during pandemic conditions and beyond.
- Technologies: Computer Vision, AI tools, Mobile Camera Integration
